

“What is the cheapest, fastest way we can get our folks connected with an ergonomist?”

Briotix is the world-wide leader in virtual ergonomic intervention. Our proven methodologies and virtual intervention approach returns long-lasting outcomes as a price you can't beat.

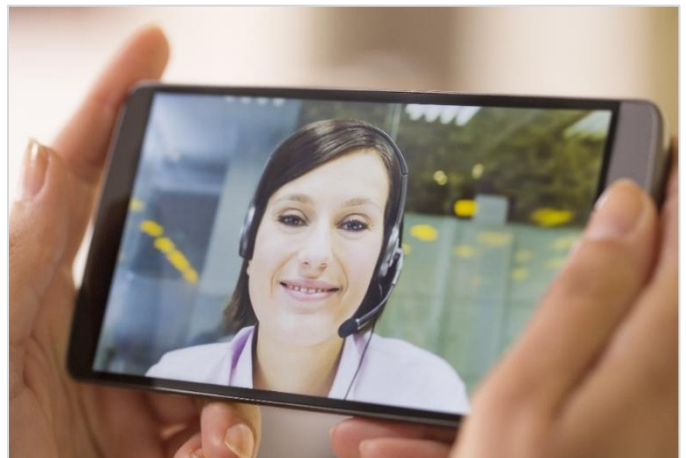

VIRTUAL ASSESSMENTS

- Via 30 minute web meeting, we review the employee's risk assessment & desk set-up.
- Provide directions on adjustments to improve employee biomechanics and comfort.
- Identify tools, equipment, and space modifications necessary for further improvement.
- Produce comprehensive documentation and ordering instructions.
- Using your equipment catalog and program policies.

**Virtual Assessment –
Available at an hourly rate**

Billed in 15 min increments.
